

Methods of payment

Credit/Bank Cards

OVH accepts Visa, Mastercard, Carte Bleue and Eurocard.

Click the "pay with credit card" button in your ordering form, then you will be forwarded to Cybermut (Credit Mutuel), that is our partner.

Two ways of credit card payment:

- clicking the button "pay by credit card" in the ordering form .
- clicking the link below: Only when you have already created your order and have a password assigned to it. It is a quicker way in case of renewal or registration (less than 15 minutes).

Problems with online payments?

If you have problems with payment in Cybermut interface, you may contact their technical help. Call 03 20 12 63 50 and provide OVH's identification: TPE n°0727421.

Cheque

Send to:

OVH Hosting LTD
5 Fitzwilliam Place
Dublin 2
Ireland

Please remember to supply the order number on the reverse for quicker payment acceptance.

After receiving your payment, (note the post office delays), your order will be validated. You will receive an email from us confirming the payment and stating the start of a setup.

Administrative Money Order

OVH hosts many websites of administrative organisations that use various payment methods. Administrative money order is a very slow method of payment. It may take up to 12 weeks. We've created a system that allows realisation of service before the receipt of payment.

- What is the procedure?

Create a purchase order and print out a proforma invoice and attach the document confirming payment.
Send to:

OVH Hosting LTD
5 Fitzwilliam Place

**Dublin 2
Ireland**

- Documents

Documents are necessary to identify the person responsible for payment (accountant). Indicate on the document all the information concerning administrative money order, order number and approx. date of payment. The order will be realised before the receipt of payment.

Note: the documents must be sent by post, those sent by fax will not be taken into consideration.

Money Transfer

OVH offers payment by bank transfer only to clients living in Belgium.
After receiving your payment, your order will be validated. And the service will be activated.

Here are our details:

Account name: OVH Hosting Ltd

Sort code: 90-00-84

Account number: 23843932

Note: Please remember to supply the number of your order in the "Communication" slot. Without this information, identification of the purchaser will take a lot of time or will be impossible. It may also result in delays in payment acceptance and activation of the service you have ordered.
